

API Global Solutions

Elevating Layovers

When it comes to taking excellent care of your crew during layovers, Accommodations Plus International (API) has consistently stood as the premier provider that sets new standards.

With a rich legacy spanning over 40 years, API has pioneered the transformation of crew accommodations, elevating layovers from mere convenience to extraordinary experiences. At the heart of our approach lies a commitment to excellence, underpinned by innovative technology, ensuring that every layover becomes an uneventful and rewarding journey for your crew members.

At API, our unwavering mission is clear: to prioritise the crew member journey above all else. We recognise the pivotal role of a well-rested and content crew in ensuring seamless airline operations. To this end, we combine top-tier service with cutting-edge technology, crafting experiences that not only meet but exceed crew expectations. Our approach is simple yet effective: while the airline remains our client, the crew member becomes our valued customer. Every facet of our service revolves around crafting exceptional layover experiences, from ensuring comfortable accommodations to efficient ground transportation. Our attention to detail ensures that your crew members don't just depart satisfied but with a sense of delight.

API's distinguished track record speaks volumes. With over four decades of experience, we've solidified our position as a global leader in crew accommodations. Our integrated platform, supported by a team of over 500 seasoned professionals, meticulously oversees lodging and ground transportation for over 40,000 individuals across 100+ airlines worldwide, every day.

This expansive reach speaks not only to our dedication to excellence but also to the trust our clients have consistently placed in us. Our cutting-edge systems seamlessly automate the complex task of booking millions of hotel rooms each year, epitomising our efficiency and reliability.

Our comprehensive platform, complemented by mobile solutions and data analytics, simplifies the intricate process of crew accommodations. This empowers you to entrust the management of layovers to us, freeing up precious time to focus on other critical airline operations.

Our proprietary crew management platform, ACES, lies at the core of our operations. ACES ensures that every facet of the crew member journey is automated, leaving no room for errors. From

API's pioneering legacy in crew accommodation management is a source of immense pride for us. Over four decades, we've set industry benchmarks, expanded horizons, and redefined the layover experience. Our unwavering dedication to our mission and clients has propelled our growth, driving us to continuously innovate and adapt to the evolving travel landscape.

In a world that values efficiency, excellence and cost-effectiveness, API stands as the epitome of unparalleled service and technology-driven solutions. Welcome to a world where crew members are cherished customers, where layovers transcend mere stops, and where API stands as your steadfast partner in crafting a journey that marries excellence with seamlessness.

In the realm of crew and accommodations, API has always been a provider synonymous with excellence, innovation and customer-centricity. When it comes to crew accommodations, API isn't just a choice; it's the definitive choice, ensuring exceptional experiences and unmatched savings for all stakeholders involved.
